

# SUSTAINABILITY REPORTING DASHBOARD

## GREENLIGHT SOLUTIONS

### WHAT IS IT?

- Sustainability Reporting Subscription Service for small-to-medium sized businesses
- Developed in collaboration with Infosol using a no-code development program called Squirrel365

### A NEED FOR SUSTAINABILITY REPORTING DASHBOARD

- Provides a transparent view of a business's sustainability performance
- Track progress towards sustainability goals
- Identify areas for improvement

### HOW DOES THE DASHBOARD MEET THE NEED?

The dashboard leverages the business's data to monitor the real-time impact of sustainability initiatives.

### DEVELOPMENT TIMELINE

- GLS Dashboard Committee and Infosol have been collaborating on the dashboard for the past 2 years
- Current Solutioneers team took over the project to continue the work in September 2023
